

## Annie Ruth Badie

February 1, 1932 - August 28, 2013

Annie Ruth Badie was born February 1, 1932 in Millen, Georgia. She was the oldest of two daughters born to Willie and Emma Rhaney. Annie and her sister Ruby were raised by their grandparents, Ashton and Mandie on a farm in Midville, Georgia.

In 1947, at the age of 15, Annie united in marriage with Willie Badie. Together they moved to Chicago, Illinois where their union was blessed with the birth of a daughter, Emma. Their marriage continued for 63 years until Willie's death.

Annie was always hardworking, diligent and loyal. She was loved and respected by all whom she encountered. In her early years in Chicago, she worked for several companies as a Cook where she developed excellent culinary skills that later became one of her trademarks. Even though she worked in other types of jobs, she continued to cook and bake for friends and family -- making homemade rolls and cakes.

In September 1982, Annie symbolized her dedication to Jehovah through water baptism becoming one of Jehovah's Witnesses. From that point forward, Annie dedicated her life to sharing her knowledge of the Bible with others. She loved talking to people about God's Word in her daily travels. She served as a Regular Pioneer for 14 years and enjoyed sending letters and magazines of spiritual encouragement and witnessing over the telephone.

Annie Ruth was a friend to many but especially to her daughter and grandson. Annie's trademark smile had a way of making all who came into contact with her to feel a little happier. And if that didn't work she could always come up with a quip or witty remark to make you laugh.

On August 28, 2013, Annie Ruth Badie fell asleep in death. She was preceded in death by her parents, her grandparents, her sister and her husband.

Annie leaves to cherish her memories, her daughter, Emma; her grandson, Myron Bernard; and a host of nieces, nephews, cousins, other relatives and friends.

Psalm 116:15

Precious in the eyes of Jehovah

Is the death of his loyal ones.
