“ I miss her so much! She was one of my best friends. If every I missed something that happened. She would tell the story so well - it was as if I had been there myself. She was so full of life. We shared the same belief about a better future for those choosing a relationship and worshipping The only true God and his son. I continue my heart felt prayers for her family and friends.

“ I was shocked to find out about Audrey's passing. I worked with her briefly. I found out when an agent needed a signature to list some new properties. God bless you Audrey and prayers to your family.
