“ *I can't put into words how I feel. I have fallen victim to the busy rigors of life to where I don't appreciate it. Visiting family and friends was just something in the back of my mind. Now that my oldest Aunt has passed the thought of family and friends have come forth. Aunt Emma you have touched so many lives. May your memory live on in the generations to come. Thank you for those memories (teaching me how to make a hamburger).Zell.##imported-begin##DeSzell Daniels##imported-end##*
