“ *What a wonderful time it soon will be when we are reunited with Helen in the paradise. Please know my love is with all. We shared so many memories and so much laughter. We were pioneer partners in the Burnside Congregation starting as soon as she was baptized. We were like sisters. Toni and Kathy will always be my little sisters. The pictures brought back so many memories. Rev 21:2-4 is just a very little while away. She made the journey to get to her destination. Praying we keep doing the same.
