“ *My memories are my two big brothers standing in for my dad because he was sick with Parkinson's and unable to do some things he once had. Dr. Stevenson, or Moe as we called him took my youngest brother and me to places like Fun Town, Santa's Village, the beach, Black Expo, Adventureland, Jackson5 Concerts, and to see Soul Santa. I appreciate him for insuring that we did not miss out on experiences. I did have to decline when he offered to let me take a brain to school for my high school report!*

“ *So sad that Mote is no longer with us.
However I remember the nice visit we had when he came to
Louisville several
Years ago with his spiritual mother.
And when we were young, I remember
His laugh and his smile. God bless and
watch over my Chicago family who are
Suffering the loss of their brother, husband, and father, etc.
Love*
