“ *I just wanted to tell the family of Ms. Bowman that I think she sounds like a loving person. This is a sad time for me because I lost my grandmother and she was a sunday school teacher and faithful to her church for many years. I can't help but remember how she took comfort in scriptures such as John 5:28,29 and John 11:1-45. These scriptures comfort me when I think of her and my father. Maybe these scriptures can help you as they have me and as they did for my grandmother whom we affectionately called: "Mother". With Sincere Sympathy, Sharon Martin##imported-begin##Sharon Martin##imported-end##*
